

IS YOUR TEAM PREPARED TO DELIVER **SPECIALIZED CARE** TO CLIENTS WITH **COMMON CONDITIONS**

ITK's Caregiver Specialist Learning Paths

In order to care for the increasingly complex needs of an aging population, caregivers need more targeted, specialized education that prepares them to provide safe and comprehensive care for all the clients they serve.

- 1** • **Assign learning paths** to caregivers who care for clients with one of the learning path topics.
- 2** • Once the caregiver completes the series, he or she will be awarded the **Specialist Badge**.
- 3** • Then, be sure to tell your referral sources that your organization has caregivers who are trained as **Specialists!**

Learning Paths are free for unlimited use by intheknow subscribers. Not a subscriber yet? Call today to speak to a Caregiver Training Advisor and find out how easy it is to get started!
