

# Integrated Solutions. Improved Care Outcomes.

Turn survey insights into action, improve employee engagement, and boost customer and employee satisfaction throughout the post-acute care industry.

## HCP has acquired Activated Insights and Pinnacle Quality Insight.

Our partners and customers will continue to have access to their full suite of solutions—now with additional tools that naturally compliment each other.

### Deliver Better Care and Retain Employees with the Right Tools

#### Strengthen Your employer brand with the Great Place to Work Certification

Earn third-party endorsement that the industry respects and employees seek out.

- Increase employee applicants by 20%
- Drive more referrals and improve retention
- Be recognized as an employee-validated great workplace with a company profile on [greatplacetowork.com](https://www.greatplacetowork.com)

#### Access the Largest Data Set in Post-Acute Care

With the addition of data from Activated Insights and Pinnacle Quality Insight, HCP now has the largest outcomes data set in post-acute care.

- Gain insights for your business and the entire post-acute care industry
- Compare outcomes and business metrics against industry benchmarks
- Create informed action plans to surpass industry standards

#### Improve care outcomes with an effective and efficient training program

Access 500+ RN-developed courses for all sectors of post-acute care to level-up your training program.

- Easily manage, assign, and track compliance training
- Certify staff with specialty training for Alzheimer's and Dementia, Restorative Care, and more
- Fulfill your specific training needs with custom learning paths
